

Manila Metro Rail Systems LRT - MRT Status.

Inc Operations, Proposals, Project Updates

**Philippine Railway Historical Society
November 2020 - V5
Compiled by - Brad Peadon & Aris M. Soriente**

Hello, welcome to the 2017 LRT/MRT update, compiled by Brad Peadon for the 'Philippine Railway Historical Society'.

We have made every attempt to have the most up to date information possible, however, if you find any errors, or would like to provide an update/photos.

You will be credited for your efforts.

Please email me at any time:
PRHS.Society@gmail.com

THANK YOU

Compiling of this list would not be possible without the help of the following:

Mark Chua
Gabriel Gutierrez
Dirk Paul Celoso
LRT1 (Various People)
LRT2 (Various People)
MRT3 (Various People)
Philippine Railway Historical Society.
Philippine Association of Rail Enthusiasts

Special thanks to Aris M. Soriente for your massive amount of help.

We thank all for their continued help in researching the current status and history of the various Philippine railways.

What we record today will form the basis of historical research in the future.

LRT Line 1

Website: www.lrta.gov.ph

Depot: Baclaran

Operations: Baclaran Station to Roosevelt Station.

Timetable:

Weekdays

05.00 - First train departs Baclaran station
21.30 - Last train departs Baclaran station.
22.00 - Last train departs Roosevelt station

Weekends

05.00 - First train departs Baclaran station
21.00 - Last train departs Baclaran station.
21.30 - Last train departs Roosevelt station
* Services are usually suspended during Holy Week.

LRT1 Fleet:

1G 1001-1064	Built by BN ACEC
2G 1101-1128	Built by Hyundai Precision and Adtranz
3G 1201-1248	Built by Kinki Sharyo and Nippon Sharyo
4G 13001-13120	Mitsubishi/Construcciones y Auxiliar de Ferrocarriles

1001 Photo: Jerome Sercado

Ordered:

4G 13001-13120 Mitsubishi/Construcciones y Auxiliar de Ferrocarriles

System Update:

A combined station at North Avenue has still not become a reality. (April 2017)

President Aquino announced during March 2012 that he wished the Cavite extension south be completed by 2015. Construction was commenced after this date.

Plans for a 6.2km branchline from Baclaran station to Ninoy Aquino International Airport was undergoing a feasibility study (2011). No further updates.

Note:

Please note that the following fleetlists are as correct as possible at the dates shown. Some vehicles may be out of service from time to time to the maintenance reasons. While some may have since had a change in status, without this having been reported.

Philippine Rail Heritage Matters!

Seeking Photos, Documents & Trip Reports.

LRT Line 2

Website www.lrta.gov.ph

Depot: Santolan

Operations: Recto Station to Santolan Station

Timetable: Weekdays

05.00 - Operations commence
21.30 - Last train departs Santolan station.
22.00 - Last train departs Recto station

Weekends

05.00 - Operations commence.
21.00 - Last train departs Recto station

* Services are usually suspended during Holy Week.

Fleet:

2000-2072 Built by Hyundai ROTEM of South Korea. 2003

System:

Plans (2011) exist for a west extension to the Divisoria area (Delpa Street), however work has not commenced. Construction of the west extension to the Antipolo area (Cnr Sumulong and Marco Highways) has commenced since last update. Map on page 9 does not reflect this.

Note:

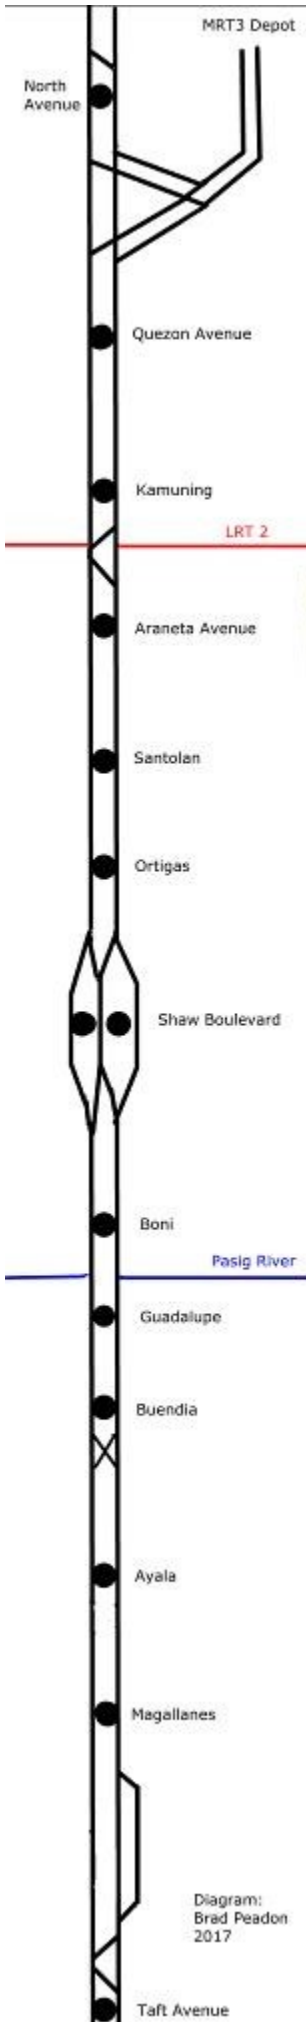

Please note that the following fleetlists are as correct as possible at the dates shown. Some vehicles may be out of service from time to time to the maintenance reasons. While some may have since had a change in status, without this having been reported.

Dirk Paul Celoso

MRT Line 3

Website: <http://www.dotcmrt3.gov.ph/>

Depot: Trinoma

Operations: North Avenue Station to EDSA Station

<u>Timetable:</u>	Weekdays	Saturday	Sunday/Holidays
First Service	04.59	00.00	00.00
Last Service	21.10	23.00	23.00

NOTE: These times have changed since the last update.

Fleet:

001-073 Built by CKD (now part of Siemens AG) in the Czech Republic. 1999

Stored:

3101-3148 Built by Dalian Locomotive and Rolling Stock Corp, delivered from 2015

System Notes:

2006 - 48 U-Bahn cars from Vienna were arranged to expand network. Vehicles never eventuated.

2010 - Then President Arroyo announces that linking the MRT3 and LRT1 systems was a national priority. By 2017 it seemed unlikely.

2011 - Interest reported in leasing a number of vehicles from LRT1. (Unconfirmed, Has not occurred by 2017)

2014 - August 8th: Train overshoots platform at Taft and ends up on road. 003 placed out of service.

2015 - August, the first of 48 new vehicles arrive from China (Dalian Locomotive and Rolling Stock Corp). Still not in service at time of publishing..

2018/9 - Some testing of Dalian trains has been occurring.

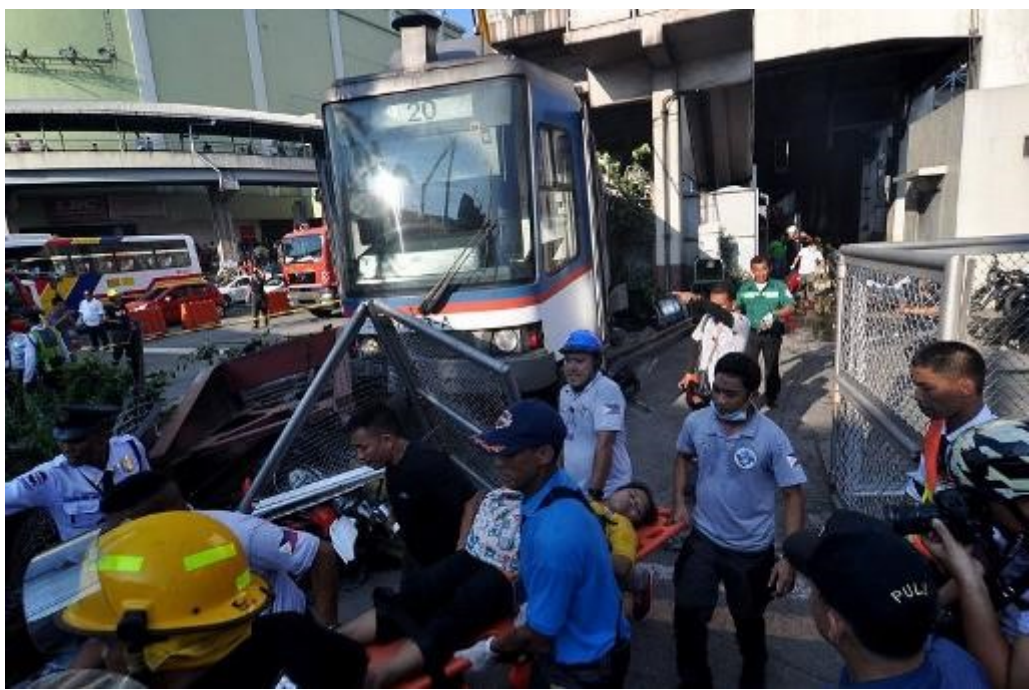

Note:

Please note that the following fleetlists are as correct as possible at the dates shown. Some vehicles may be out of service from time to time to the maintenance reasons. While some may have since had a change in status, without this having been reported.
